

Your child's speech sessions are 30 minutes in duration, twice a week (unless otherwise specified). Some months this will lead to 8 sessions while other months it will result in 9-10 sessions. It all just depends on how the days fall on the calendar. Please know that the indicated time is the time I aim to be with your child; however, extenuating circumstances (cancellations or traffic) may cause me to be a little early or a little late. Therefore, I will need you to allow me a half hour window on either end of our scheduled time, just in case!

As a suggestion, you may want to invest in a therapy notebook for logging daily progress in each session. This will also assist with the carryover of skills. It will provide an increased level of communication between you and your therapist and will offer hands-on activities to help your child be more successful in reaching his/her goals.

Please inform me of any vacation days, cancellations or alternate locations for therapy with as much advanced notice as possible! Don't be rash in canceling therapy if your child isn't feeling well. I am still able to come out to the house/daycare and try to see if they will participate with me. Some families choose to give me a courtesy call to make me aware of the situation ahead of time. Try to avoid scheduling doctor appointments on treatment days and/or around treatment times, if possible.

Advantage Speech Therapy Services, Inc. (ASTS) has a 3 strike rule. If you are unavailable for a scheduled appointment 3 times without calling to cancel 24 hours in advance of your appointment, ASTS retains the right to discontinue elective treatment and to terminate services immediately. ASTS kindly requests that you provide advanced notification so that your therapist is aware of your need to reschedule. Additionally, at the discretion of ASTS, excessive cancellations within a given month may result in a termination of the given contract. Furthermore, if you plan to dismiss your child from therapy, a 2 week notification is REQUIRED unless otherwise agreed upon. Consequently, if you choose to discontinue treatment you are still responsible for paying for all services that were provided prior to your decision to discontinue.

Please be advised that if we are filing with a private insurance company, that the turnaround time to get an EOB (explanation of benefits) may be 4-6 weeks or longer. By the time we know whether or not your insurance company will pay, we may have accumulated more than one month's invoice. Please plan ahead as you will be expected to pay the balance on all of the invoices within two weeks of the dated invoice.

As my caseload grows and ultimately changes, we may need to alter your appointment time. This will be due in part to the most logical travel sequence from client to client. You will be notified of any changes as they occur.

Check out my website www.advantagespeech.com for printable ideas and resources.

Thank you for choosing me to help your child grow and learn!
